Dear <first name>,

Dell knows a thing or two about technology in the classroom. We have a long history of partnership with practitioners, and have designed technology solutions specifically built for education in the digital-age.

In partnership with Intel® and Microsoft®, we'll be launching the Connected Classroom solution at the leading education technology event in the UK. We want you to be a part of it.

Come and join us at [BETT 2010](#) from 13-16<sup>th</sup> January at the London Olympia for a first-look at how we plan to innovate education delivery in classrooms of the future.

See you there!
